Subject: Application to Join the Coding Club

Respected Team,

I am Sameer Upadhyay, a second-year B.Tech Computer Science student at [Your College Name], and I am writing to express my keen interest in becoming a member of the Coding Club.

With a strong foundation in C++, HTML, CSS, JavaScript, and basic graphic design using Canva, I am eager to further strengthen my technical skills and contribute to a community of like-minded peers. I believe the Coding Club is the ideal platform to collaborate, learn, and take part in exciting technical initiatives, coding challenges, and projects.

I am passionate about continuous learning and view this opportunity as a stepping stone to enhance both my problem-solving skills and practical development experience. I am enthusiastic about participating in the club's events, contributing to team projects, and learning from seniors and mentors who share the same passion for technology.

Thank you for considering my application. I look forward to the opportunity to be a part of the club

and grow alongside its talented members.

Warm regards,

Sameer Upadhyay
